

IMPORTANT NOTICE: Irrigation Lateral to City of Loveland farm near I25 and Highway 402

The City of Loveland farm which is currently available for rent is served by a pipeline on the Conner Lateral. Three farms, including the one owned by the City of Loveland, are served by one pipeline and therefore the farms must coordinate and alternate irrigation schedules. There is not sufficient pipeline capacity to serve all three farms at one time.

Excluded Land: The existing field in the SE corner of the farm is partially on land owned by others. That land is excluded from this lease.

Irrigation Pipeline to City of Loveland Farm, I25 and Highway 402
