

Interactive Webinar

FUTURE ELECTRICITY RESOURCES

Platte River Power Authority has provided wholesale electricity to its owner communities of Estes Park, Fort Collins, Longmont, and Loveland for delivery to their utility customers for more than 40 years. As part of its long-term resource planning efforts, Platte River is conducting an interactive webinar to gather the thoughts and preferences of customers regarding future electricity resource alternatives.

Tuesday, April 8th
1:00-2:00 PM

Use the QR code above or type alturl.com/ouooj into your Web browser to register.

Event is free and open to the public.
