BROADBAND INITIATIVE
A Motion To Approve On Second Reading, Ordinance #6006 Enacting A Supplemental Budget And Appropriation To The 2016 City Of Loveland Budget For The Broadband Initiative
This is an administrative action item. The City of Loveland Broadband Project Team is requesting an expense supplemental budget appropriation to support the broadband initiative for Loveland. We are requesting an appropriation of \$250,000 for the 2016 budget from the General Fund. This initial budget is intended to cover expenses for broadband studies, community engagement, marketing and other items that may be needed for the initial broadband initiative. This supplemental appropriation is shown as a negative budget impact as no 2016 Budgeted funds were identified for this item pending the outcome of the community vote on Broadband ballot issue. Now with the release of a consultant Request for Proposal (RFP) staff has taken some time to prepare some estimated costs for upcoming tasks anticipated for the next phase of work on the community issue. The remaining unassigned General Fund balance will be \$6,446,959 if approved. The first reading of this item was presented at the April 5, 2016, council meeting and passed unanimously.
4. **DEVELOPMENT SERVICES** (presenter: John Schumacher)

This is a legislative action item. This proposed amendment to the 2012 International Residential Code (IRC) aligns the City's pre-1967 land subdivision practices with the current IRC requirements for fire safety and separation by allowing residential property owners, under certain conditions, the ability to renovate, increase, or add to residential property that spans multiple lot lines without consolidating the multiple lots into a single lot, thereby saving property owners several thousand dollars in each instance. The first reading of this item was presented at the April 5, 2016, council meeting and passed unanimously.
5. **FINANCE** (presenter: Matthew Elliott)
ROLLOVER RE-APPROPRIATIONS
A Motion To Approve On Second Reading, Ordinance #6008 Enacting A Supplemental Budget And Re-Appropriation To The 2016 City Of Loveland Budget For Projects Appropriated But Not Completed In 2015
This is an administrative action item. The ordinance re-appropriates funding approved in 2015 for capital, one-time or on-going projects and equipment not completed or received prior to the end of the fiscal year. The total net expenditures (total expense less transfers)

included in the ordinance is \$46,676,794. The projects or programs requested in the ordinance were appropriated in 2015. Funding for these projects or programs is available due to the appropriations lapsing at the end of 2015. Any appropriation that lapses at the end of the year returns to the source of funding as fund balance in their respective fund. The re-appropriation of these projects and programs does not have an impact on the 2016 budget because the 2016 budget was based upon the assumption that all 2015 appropriations would be fully spent by the end of 2015. The first reading of this item was presented at the April 5, 2016, council meeting and passed unanimously.
