- Does any staff member wish to remove an item from the Consent Agenda?
- Does any Commissioner wish to add any item from the Regular Agenda to the Consent Agenda or remove an item from the Consent Agenda?

V. REGULAR AGENDA:

1. New Vision Charter School – Location & Extent Review

New Vision Charter School is seeking a new location for their elementary and middle school programs at 287 North Denver Avenue. The vacant, 10-acre site is located directly north of the new Larimer County office building that is being constructed at the corner of 1st Street and Denver. The phased 2-story project would house grades 3 through 8 at full build out and include typical site amenities such as parking; queuing, drop-off and pick-up facilities; athletic fields and landscaping. The first phase of construction would include a 55,000 square foot building with a planned 20,000 square foot future expansion.

The property is zoned I-Developing Industrial. Public schools are permitted by right in all zones. The review and permitting of public schools is primarily a function of the State of Colorado as specified in State Statutes. However, local planning commissions have statutory authority to review public school location and comment on plans. As the school will connect to City utilities and infrastructure, the school facility must conform to City engineering standards, including compliance with transportation requirements. Plans for the school facility are currently under review by the City. Staff believes that all pertinent requirements can be met and is supporting the project.
