**City of Loveland
Transportation Advisory Board
2019 Objectives**

1. Identify and contribute to outlining the regional transportation needs of the Loveland Community and the region including the development of a visionary plan to meet those needs with other local governments, special districts, school districts, and state and federal agencies on the provision of community facilities that have multi-jurisdictional impacts.
2. Monitor progress against the current transportation system plan within the community as well as it relates to the North Front Range by reviewing the anticipated growth patterns within the community in order to design and construct infrastructure improvements that address long-term needs concerning growth, land use and sustainability. Participate in updating the comprehensive plan.
3. Evaluate and investigate the costs and potential impacts associated with the various modes of surface transportation and assist in ensuring that monies are allocated according to the Federal Highway Administration, Federal Transit Administration and Colorado Department of Transportation requirements. A review of this will be included as part of the budget appropriation process.
4. Review and amend the freight rail plan section of the Transportation Master Plan in future updates, including steps to ensure safety at railroad crossings within Loveland.
5. Describe and implement those aspects of a Congestion Management System that affect Loveland.
6. Review and amend the current public transit system to ensure they meet the needs of the community and are provided in a timely, orderly and cost-effective manner. Coordinate with special districts, the Thompson R2-J School District and other local, state and federal governments as appropriate.
7. Create and adopt a Bike and Pedestrian Component to the Transportation Master Plan that meets the needs of the community that integrate active living concepts and pedestrian safety in a timely, orderly and cost-effective manner. Coordinate with special districts, the Thompson R2-J School District and other local, state and federal governments as appropriate.
8. Review and recommend strategies identified through the public input process.
