2019 Human Services - Housing First Grant Accepting Submissions from 01/07/2019 to 01/24/2019

Housing First is a homelessness assistance approach that prioritizes providing permanent housing to people experiencing homelessness, thus ending their homelessness and serving as a platform from which they can pursue personal goals and improve their quality of life. This approach is guided by the belief that people need basic necessities like food and a place to live before attending to anything less critical, such as getting a job, budgeting properly, or attending to substance use issues. Additionally, Housing First is based on the theory that client choice is valuable in housing selection and supportive service participation, and that exercising that choice is likely to make a client more successful in remaining housed and improving their life. Reference the National Alliance to End Homelessness.

Please contact the Community Partnership Office if you would like to discuss your project prior to applying: alison.hade@cityofloveland.org 970-962-2517
