

## Solar – New Construction

General Contractor (GC) Name \_\_\_\_\_

GC Phone Number \_\_\_\_\_

GC Email Address \_\_\_\_\_

Address of Work \_\_\_\_\_

Date \_\_\_\_\_

This letter serves as acknowledgement that a permit for a solar self-generation system (“Solar Permit”) will be issued in connection with, and tied to, the building permit for residential new construction for the residence at the above-listed address. The Solar Permit will run concurrently with the residential construction permit. The GC for residential construction acknowledges that the City of Loveland will not issue a Certificate of Occupancy (CO) or Temporary Certificate of Occupancy (TCO) for the residence until the Solar Permit final inspections are approved/closed and acknowledges that final inspection and approval of the Solar Permit will be a “Condition” of final CO/TCO for the residence.

Solar Contractor (SC) Name \_\_\_\_\_

SC Phone Number \_\_\_\_\_

SC Email Address \_\_\_\_\_

The SC is responsible for acquiring the Solar Permit from the City of Loveland. All inspections under the Solar Permit will be the responsibility of the SC. However, if the SC fails to pass/complete inspections, the GC shall have ultimate responsibility to complete any required or additional work to ensure acceptance of the solar system construction by the City to obtain a final CO/TCO for the residence.
