Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Annual Action Plan is a one-year plan describing how the City of Loveland intends to spend Community Development Block Grant (CDBG) funds during the grant year starting October 1, 2019 and ending September 30, 2020. The objectives and outcomes identified in the 2019 Annual Action Plan are consistent with the 2015-2019 Consolidated Plan and are expected to produce at least 20% of the expected 5-year goals.

The City of Loveland anticipates receiving \$389,247 in CDBG funding for the 2019-2020 program year. Sixty-five percent (65%) of funding will be allocated to new multi-family housing, rehabilitation of single and multi-family housing, and rehabilitation of public facilities. Fifteen percent (15%) will be allocated to public services and twenty percent (20%) will be used for administration of the program. The City of Loveland will also distribute \$119,020 from returned program income and \$500,000 from the City of Loveland general fund for public service projects.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The objectives of the 2015-2019 Consolidated Plan that are used to inform the annual allocation of funding are:

Provide Decent Affordable Housing:

- Increase the supply of affordable owner-occupied housing by 75 units.
- Increase the supply of affordable rental units by 300.
- Increase housing for the homeless by 30 units.

- Rehabilitate 600 units of owner-occupied housing.
- Rehabilitate 200 units of rental housing.

Create a Suitable Living Environment:

- Provide public service activities for 5,000 low to moderate income persons/households.
- Assist two organizations with public facility needs.

All CDBG funds received during the 2015-2019 program years will be used to address at least one of the priority needs categories listed above.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Having completed the first three grant years and 3/4 of the fourth, the following accomplishments have occurred to date:

- The supply of new affordable owner-occupied housing increased by 88 units, which is 13 more than the 5-year goal of 75. These units were not funded with CDBG and will not be entered into IDIS.
- To date, the supply of new affordable rental units increased by 70, ten of which are dedicated supportive housing for veterans. This allocation will bring an additional 69 units, thereby meeting the goal by 43% for new multi-family housing and 33% of new housing for the homeless. It is possible that some of the new units will be used to house homeless residents as well.
- 554 single-family housing units received rehabilitation funding, which is 92% of the goal of 600 units.
- 61 multi-family units received rehabilitation funding, which is 31% of the goal of 200 units.

Create a Suitable Living Environment:

- 8,595 residents received assistance from multiple agencies, exceeding the goal of 5,000 residents.
- Three agencies improved their public facilities by the end of the second year, exceeding the goal of two public facility projects.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Citizen participation occurred between July 15 and August 14, 2019, during which a hard copy of the draft plan was available to the public at the Community Partnership Office. An electronic copy of the plan was emailed to the Affordable Housing and Human Services Commissions and others upon request. The Executive Summary and Goals sections of the plan were translated into Spanish with hard copies available at the Community Partnership Office. The Plan was presented to the Loveland City Council on August 6, 2019. The resolution and advertisement of the public meeting are attached in the Appendix.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Affordable Housing Commissioner question: This is on the first page: Rehabilitate 600 units of owner-occupied housing. Is that just LHIP or are other programs included? If just LHIP, isn't that considerably more than they can accomplish?

Response: This is also Volunteers of America. They generally do about 100-150 homes a year. Thank you for commenting!

6. Summary of comments or views not accepted and the reasons for not accepting them

COVID-19 related Citizen Participation documents can be found in the attachments that follow. **Outline comments received.**

7. Summary

During the 3.75 years of the 5-year Consolidated Plan, the City of Loveland accomplished the goal or will accomplish the goal of new single-family housing, rehabilitation of single-family housing, residents served at a public facility and the rehabilitation of public facilities. Other goals of additional new multi-family housing, new housing for homeless residents and housing rehabilitation have increased, although the goals may not be achieved by the completion of the 5-year plan. Under new single-family housing and public services, only CDBG funded activities were tracked in IDIS even though the City of Loveland provided incentives and grants for projects that helped 88 households with new housing and thousands of residents needing services from local non-profit organizations.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Loveland holds an open annual competitive grant process that results in funding recommendations by the Affordable Housing and Human Services Commissions with final approval from the Loveland City Council. Consolidated Plan priorities were determined through a process of community participation and input from citizens, housing agencies, service agencies and Loveland's Affordable Housing and Human Services Commissions with an overall goal of creating new affordable housing and reducing the number of households and individuals living in poverty.

During the 2019-2020 grant process, the Human Services Commission considered allocating all CDBG public service dollars to one organization to provide Housing First Rapid Re-Housing. After much discussion, this project was funded in part with CDBG public service dollars and part with City of Loveland Human Service Grant dollars.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The Loveland Housing Authority (LHA) is Loveland's Public Housing Agency (PHA) and is the largest provider of affordable housing in the City. The agency currently owns and manages 868 housing units, 696 of which are located in Loveland with the remainder in Weld County and Estes Park in Larimer County. LHA also manages about 550 Housing Choice Vouchers and administers the City's housing rehabilitation loan program, emergency home health and safety repair program, and down payment assistance, all three of which have been funded with City of Loveland CDBG in prior years.

Although established by resolution by the Loveland City Council, and with one council member appointed to the Board of Directors, LHA operates separately from the City. Operation and collaboration decisions of the Housing Authority are made by staff members and the Board of Directors, not the City of Loveland.

The Housing Authority received a low-income housing tax credit allocation in 2019 to complete a 69-unit housing project for residents living between 30% and 60% of the area median income. The organization is also building 60 units of housing for seniors and 30 units of skilled nursing (see <https://mirasolgreenhousehomes.org/>). Community Development Block Grant funding will be used for water rights for the new multi-family housing project.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Northern Colorado Continuum of Care (CoC) is one of 11 local community Continua of Care in Colorado's Balance of State. A staff member from the CPO actively participates in planning efforts and is a member of the local Governing Board. The CoC supports the work of providers serving homeless populations in Larimer and Weld Counties and is comprised of nonprofit agencies, housing providers, citizens, school district personnel and government representatives. CoC members have been working on HEARTH Act implementation, including coordinated entry, HMIS expansion, regional collaboration of the point-in-time count, and local programs specifically for the homeless. Elected officials receive information and updates about activities and goals of the CoC group members during an annual meeting in September.

Northern Colorado has recently taken steps to form a Continuum of Care that is separate from the Balance of State. Our first application will be submitted in 2020.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Balance of State CoC does not distribute Emergency Solutions Grant (ESG) funding. ESG funding is distributed through the Department of Local Affairs/Division of Housing. For ESG funding information, please refer to the Division of Housing Consolidated Plan/Annual Action Plan for the State of Colorado.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Community Partnership Office staff conducted significant outreach to community stakeholders over a period of ten months during the preparation of the Consolidated Plan, including public meetings, outreach to low income service recipients and surveys requesting citizen input on both the development of the plan, goals and objectives, and the final draft. As required by the City of Loveland Citizen Participation Plan, the CPO held public meetings to discuss community needs with service providers, City of Loveland commissioners, adjacent governments, and community members at the Food Bank for Larimer County, Larimer County Workforce Service Center and Lago Vista Mobile Home Park. Participation was available in both English and Spanish. Finally, electronic surveys were sent to local and statewide agency representatives who were not able to attend any of the public meetings.

Updates to the goals of the Consolidated Plan occur through the Annual Action Plan and show the distribution of past and current grant funds by the Affordable Housing and Human Services Commissions. Public meetings are advertised in English and Spanish. The Annual Action Plan is presented to the Loveland City Council. The Executive Summary and Goals sections of the Consolidated Plan are available in English and Spanish.

A hard copy of the Annual Action Plan was available at the Community Partnership Office from July 15 to August 14, 2019. See Appendix for a copy of the Annual Action Plan advertisement.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Loveland anticipates receiving \$389,247 in CDBG funding for the 2019-2020 program year. Sixty-five percent (65%) of funding will be allocated to new multi-family housing, rehabilitation of single and multi-family housing, and rehabilitation of public facilities. Fifteen percent (15%) will be allocated to public services and twenty percent (20%) will be used for administration of the program. The City of Loveland will also distribute \$119,020 from returned program income and \$500,000 from the City of Loveland general fund for public service projects.

The Community Partnership Office (CPO) will work with applicants and prioritize leveraging additional sources of funding to support projects creating affordable housing, rehabilitating single and multi-family housing, and purchasing or rehabilitating public facilities. Potential leveraging sources include Colorado Low Income Housing Tax Credits, Colorado Department of Housing funds, and private and foundation sources.

The City of Loveland will receive funding to prevent, prepare for or respond to the COVID-19 pandemic and allocated funds with assistance from members of the Human Services and Affordable Housing Commissions.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG funding can be used by a developer to leverage additional resources and has historically been used for small gap funding for large housing projects or land purchase for smaller projects. CDBG does not have a matching requirement.

Program Income was derived from home repair grants and funding returned to the City of Loveland. Home rehabilitation grants that originated with the Loveland Housing Authority will remain with that organization to be used for the same purpose.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

While the City of Loveland owns land that could be used to fulfil a portion of the goals of the Annual Action Plan, it is not currently available for that purpose.

The Loveland City Council has provided fee waivers for developers creating new affordable housing units. Over the past eight years, developers have received \$6.2 million, resulting in 432 new units of housing, 60 rehabbed units and three public facilities. Not all City of Loveland funded projects are included in IDIS.

Discussion

Over the last year, the City of Loveland invested more than \$2.4 million in affordable housing and public service projects, including \$369,792 in non-administration CDBG, \$570,000 in public services and close to \$1.5 million in fee waivers for single-family and multi-family homes, and 30 skilled nursing beds. The CPO will apply the outcome of all investments to the priority goals of the 5-year Consolidated Plan, including those not entered into IDIS.

Projects

AP-35 Projects – 91.220(d)

Introduction

The City of Loveland Affordable Housing and Human Services Commissions will fund the following projects during the 2019-2020 program year, meeting at least 20% of Consolidated Plan priority goals in the fourth year.

\$150,000 of CDBG-CV1 funding for public services and \$16,870 for program administration was allocated in 2020. The balance of \$346,738 for public services and an additional \$20,000 for program administration was allocated with the 2nd Substantial Amendment.

A substantial amendment was completed in 2022 to reallocate 21,768.36 that was unused by Homeward Alliance and \$2,092.50 that was unused by Easter Seals to Salvation Army to be used for non-congregant shelter for people who are currently homeless and at risk of contracting COVID-19 after having left a care facility and needing further recovery time. Salvation Army will receive \$23,860.86.

This substantial amendment will reallocate \$46,000 of administrative funding that is unlikely to be needed for to administer the program and will allow Salvation Army to provide non-congregant shelter.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

In the past, the City of Loveland has not targeted CDBG funding to any specific geographic area of low-income or minority concentration. Instead, CDBG has supported housing and services sought by low and moderate income persons and households living throughout Loveland. The same is true for the 2019-2020 grant year.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Loveland does not currently prioritize allocating CDBG geographically.

Discussion

Consideration for allocating CDBG to single family housing rehabilitation using the Habitat for Humanity Neighborhood Revitalization model, or a similar model, has been discussed but is unlikely for at least five years. If this is implemented in the future, work will begin in areas that are low-income and have a minority concentration.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Loveland works closely with affordable housing developers to provide project assistance as needed and according to the priorities of the Consolidated Plan. In 2018 and 2019, the Loveland Housing Authority received \$285,885 in CDBG funding and \$1.23 million in City fee waivers for 60 units of senior housing and 30 units of skilled nursing. In 2019, they will receive \$200,000 for their next project of 69 units of new housing and will request a waiver of city fees later this year.

Actions planned during the next year to address the needs to public housing

During the first year of the Consolidated Plan, the City of Loveland allocated \$135,000 to the Loveland Housing Authority to assist with the development of 70 units of affordable housing, and about \$1.3 million in the waiver of building and development fees. As stated above, during the fourth year of the Consolidated Plan, the Housing Authority received more than \$1.5 million to assist with two projects and will receive an additional \$200,000 in CDBG this year. The City of Loveland values the partnership of the Loveland Housing Authority and has significantly invested in projects.

The Loveland Housing Authority formed a new non-profit, Aspire 3D, that targets service coordination specifically to residents of LHA owned and/or managed properties. Aspire 3D collaborates with local human service, education and health care providers to bring case management, health and wellness resources, education programs, and basic needs provisions on-site at each LHA property. Aspire 3D achieves this through community-based Navigators who serve as connectors between community resources, residents and the housing authority.

Aspire 3D targets three of the most vulnerable populations living in public housing communities: youth, adults age 55+, and veterans. Youth are served through the Kids Club Literacy Project, which provides an outcomes-based education model and wrap around services for youth and their parents with the goal of closing the achievement gap for children living with poverty. Vive brings resources and programs into communities with high concentrations of people age 55 or better with the goal of increasing engagement in activities through the built environment and community based services that promote better health as residents age. VIP provides coordinated services and supports that ensure veterans are able to maintain their housing and achieve their self-sufficiency goals.

Aspire 3D is built on an innovative framework that incorporates place based services into affordable housing communities. Resources are brought on-site to support individuals as well as improve the quality of life for the community as a whole. Relationships with partner agencies as well as resident leadership opportunities capitalize on the assets that exist in our community to address the unique

challenges of each neighborhood.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Loveland Housing Authority Resident Advisory Board, comprised of residents from each of the housing properties in Loveland, works directly with Housing Authority staff and not the City of Loveland. Therefore, any actions to encourage housing residents to be more involved and to support them in homeownership falls under the leadership of the Loveland Housing Authority.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Loveland Housing Authority is not designated as troubled.

Discussion

The City of Loveland will support the Loveland Housing Authority with development costs in the form of CDBG and fee waivers. The Housing Authority, as the primary provider of affordable housing, is successfully housing thousands of Loveland residents and is continually working to assist thousands of people waiting for affordable housing.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Loveland invests CDBG and other City funding in local agencies that serve low and moderate income residents. The CPO serves as a community partner to help agency staff gain access to City departments and elected officials, and connects citizens with agencies, resources and other support.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Homelessness in Loveland is managed through the Northern Colorado Continuum of Care Coordinated Entry system (called Coordinated Access and Housing Placement System: CAHPS). CAHPS started in 2016 with local providers working to end veteran homelessness. In 2017, a new system for non-veteran adults was started. In 2018, a system for families and in 2019, a system for youth were started. As of the end of April, 86% of veterans, 27% of non-veteran adults, 58% of families and 6% of youth have been housed.

Shelter and shelter outreach is managed through two programs of the House of Neighborly Service: 137 Connection serving homeless individuals and the Angel House serving homeless families. Salvation Army, Disabled Resource Services, One Community One Family, Neighbor to Neighbor, Community Kitchen and the Front Porch Café are also working to shelter and house homeless Loveland residents.

The CPO works with many local nonprofits to produce the annual Loveland Connect event modeled after the national Project Homeless Connect that started in San Francisco, California in 2004. In 2019, the event will be held on October 11th. In 2018, the event connected 227 homeless or near homeless with about 50 agencies and benefited from the volunteer service of hundreds of Loveland residents.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency shelter for homeless adults is managed by House of Neighborly Service's 137 Connection program at rotating churches when the temperature is 20 degrees or below. Loveland does not have emergency shelter for families but does have a shelter program for families willing to work on the issues that lead to their homelessness. Homeless individuals and families are also able to seek shelter in neighboring communities. Transitional housing is managed by House of Neighborly Service and Alternatives to Violence. Alternatives to Violence re-tooled their transitional housing to rapid re-

housing as an applicant of Continuum of Care funding in 2018.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City of Loveland will continue to support homeless service providers and will seek additional financial and program support for any organization willing to provide supportive housing. Specifically, City of Loveland funding and CDBG funding that will help the homeless or keep individuals or families from becoming homeless include:

- \$70,000 to the House of Neighborly Service 137 Connection and Angel House programs
- \$15,000 to United Way of Weld County to manage the northern Colorado CAHPS program
- \$55,000 to One Community One Family for rapid re-housing
- \$22,017 to Homeward Alliance to provide services to homeless residents at the Murphy Center
- \$19,826 to the Loveland Housing Authority for case management for homeless veterans
- \$38,416 to Alternatives to Violence for victims of domestic violence
- \$16,888 to the Matthews House to support youth aging out of foster care or leaving a correctional facility to assist with housing and employment
- \$22,559 to Neighbor to Neighbor to provide housing counseling and rent assistance
- \$21,869 to Community Kitchen for meals for homeless residents and to start a jobs training program

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Organizations supported with CDBG or other City funding that assist the homeless, youth and special needs populations are listed above. Unfortunately, Loveland does not have a program specifically for persons discharged from health care or mental health facilities, other than to provide therapy and case management. The State of Colorado provides housing and support for people exiting state-funded

institutions to help clients transition to another community.

Discussion

The City of Loveland CPO works with local non-profits as a funding partner and to offer support where it is needed. As a community partner, the CPO conducts the annual Loveland Homeless Connect event and manages the annual point-in-time homeless count. Regionally, the CPO participates in the Continuum of Care to help raise awareness about homelessness.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

City of Loveland building and zoning codes are designed to promote a safe, decent environment and aesthetically pleasing community for local neighborhoods. Unfortunately, development standards and development costs in general may create a barrier to the construction of affordable housing, including the additional cost of Capital Expansion Fees used to fund the capital needs of government departments. Open space and landscaping requirements, and mandatory two parking spots per dwelling, not only reduce the number of income producing housing units, they can also result in additional costs.

The City of Loveland completed an update to the zoning code in 2018, including provisions for smaller homes that will hopefully alleviate housing affordability issues for cost-burdened residents. It also addresses parking requirements and allows fewer required parking spots based on the income of the residents. For example, housing for people exiting homelessness can have a 75% reduction in the number of mandatory parking spaces.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City's strategy to remove barriers and provide incentives to developers and builders of affordable housing include use tax credits and the waiver or reduction of development fees, capital expansion and building permit fees. The City of Loveland adopted an affordable housing code to encourage the building of low-income housing in 1994. In 2018, the Loveland City Council waived almost \$1.5 million dollars in building and development fees to support affordable housing. Over the past ten years, affordable housing policy has resulted in an investment of about \$10 million dollars of City incentives in addition to CDBG funding, and has resulted in more than 700 units of housing.

Discussion:

The CPO will continue to monitor city policies, zoning ordinances and building codes for ways in which they create barriers to affordable housing and will make suggestions to the Affordable Housing Commission and city management staff with suggestions to reduce costs or other barriers.

AP-85 Other Actions – 91.220(k)

Introduction:

In addition to granting funds to non-profit service providers, the City of Loveland CPO will take the following actions to meeting underserved needs and reducing poverty.

Actions planned to address obstacles to meeting underserved needs

The City of Loveland CPO will continue to produce the Loveland Connect event. Staff will also continue to discuss program accessibility with funded agencies, including the manner in which the working poor access services are that only available during general business hours.

In 2017, the CPO started a monthly meeting called the Community Resource Connection, during which local non-profit agency staff learn about services available to low-income residents, including whether the agency is able to serve residents without proper documentation or any other barriers to access, such as hours of operation or availability of public transportation. The meeting space is at capacity and attendees comment that the information they receive from their partner agencies is valuable to the services they provide.

Actions planned to foster and maintain affordable housing

The City of Loveland will continue to invest financially in projects that maintain affordable housing.

Actions planned to reduce lead-based paint hazards

The CPO will continue to require that all activities funded with CDBG dollars comply with federal regulations concerning lead-based paint and at some point research other funding to pay for additional lead-based paint removal.

Actions planned to reduce the number of poverty-level families

The City of Loveland will continue providing grant funding of about \$880,000 annually to assist non-profit organizations serving persons who are homeless, low income or living in poverty.

Actions planned to develop institutional structure

The CPO will continue working with the Northern Colorado Continuum of Care on the CAHPS program to match homeless residents with the appropriate type of permanent housing. For all sub-populations combined, the northern Colorado CAHPS program has housed 50% of homeless residents.

Actions planned to enhance coordination between public and private housing and social

service agencies

The CPO will continue to enhance coordination between public and private housing and social service agencies by maintaining and developing relationships with private developers and social service agencies to support the development of additional affordable housing units and work to house homeless residents. The CPO will also continue to partner with funded non-profits to enhance coordination of services.

As noted above, the purpose of the Community Resource Connection is to enhance coordination between social service agencies.

Discussion:

Removing obstacles to meeting underserved needs, fostering affordable housing, reducing lead hazards, reducing the number of families in poverty, developing institutional structure, and enhancing public and private housing and social service agencies take a community effort and cannot solely be coordinated or accomplished through one City department. However, the CPO will continue to work to raise awareness of the listed issues with our non-profit partners and other city groups where we are able.

**CITIZEN PARTICIPATION PLAN for the
CONSOLIDATED PLANNING PROCESS
AMENDED FOR THE
2020-2024 CONSOLIDATED PLAN**

I. CITIZEN PARTICIPATION – GENERAL INFORMATION

A. INTRODUCTION/ INTRODUCCIÓN

La Ciudad de Loveland recibe un derecho anual al Subvención de Bloque de Desarrollo Comunitario (CDBG por sus siglas en inglés) del Departamento de Vivienda y Desarrollo Urbano de EE. UU. (HUD por sus siglas en inglés). El subsidio proporciona fondos para el desarrollo comunitario y actividades de vivienda que deben ayudar principalmente a los residentes de ingresos bajos y moderados. La Ciudad de Loveland también ha recibido CDBG-Disaster Relief (ayuda para catástrofes) y en el futuro puede recibir otros fondos de HUD.

El proceso por el cual la Ciudad determina las prioridades, metas y recursos (e informa al HUD sobre el progreso) con respecto a las subvenciones se llama proceso de planificación consolidado. Incluye cinco procesos separados pero entrelazados y los planes o informes resultantes:

- (1) Plan de Participación Ciudadana*
- (2) Evaluación de Vivienda Justa*
- (3) Plan Consolidado de Cinco Años*
- (4) Planes de Acción Anuales*
- (5) Informe Anual Consolidado de Rendimiento y Evaluación*

Este documento ha sido desarrollado para cumplir con el requisito que la Ciudad tiene como beneficiaria de las subvenciones de HUD y sigue un Plan de Participación Ciudadana detallado al desarrollar e implementar los pasos del proceso de planificación consolidado. La Ciudad reconoce la importancia de involucrar a los miembros de la comunidad en el proceso de planificación y toma de decisiones y buscará la aportación de los ciudadanos para los cinco procesos mencionados anteriormente.

La Oficina de Asociación Comunitaria (CPO por sus siglas en inglés) de la Ciudad de Loveland es responsable de la implementación del Plan de Participación Ciudadana y de el desarrollo de los documentos de proceso del plan consolidado.

Este plan está disponible en LETRA GRANDE y las partes se pueden traducir (o interpretar) al español a petición.

(Referencia 24 CFR 91.105-Plan de Participación Ciudadana-Gobiernos locales).

The City of Loveland receives an annual entitlement of Community Development Block Grant (CDBG) from the U. S. Department of Housing and Urban Development (HUD). The grant provides funding for community development and housing activities that must primarily assist low- and moderate-income residents. The City

of Loveland has also received CDBG-Disaster Relief, will receive CDBG-COVID-19 funding in 2020, and in the future may receive other HUD funds.

The process by which the City determines the priorities, goals, and resources (and reports to HUD on progress) with regard to the grants is called the consolidated planning process. It includes five separate but intertwined processes and resultant plans/reports:

- (1) Citizen Participation Plan
- (2) Assessment of Fair Housing
- (3) Five-Year Consolidated Plan
- (4) Annual Action Plans
- (5) Consolidated Annual Performance and Evaluation Reports

This document has been developed to meet the requirement that the City has as a recipient of the HUD grants to follow a detailed Citizen Participation Plan when developing and implementing the steps of the consolidated planning process. The City recognizes the importance of involving community members in the planning and decision making process and will seek citizen input for the five processes listed above.

The City of Loveland Community Partnership Office (CPO) is responsible for the implementation of the Citizen Participation Plan and development of the consolidated plan process documents.

This plan is available in LARGE PRINT and parts may be translated (or interpreted) into Spanish upon request.

(Reference 24 CFR 91.105-Citizen Participation Plan-Local Governments.)

B. ENCOURAGEMENT OF CITIZEN PARTICIPATION/ FOMENTO A LA PARTICIPACIÓN CIUDADANA

La ciudad de Loveland pretende que sus programas y políticas cuenten con el apoyo de y beneficiar a, el mayor número posible de personas en la comunidad. Se alentará a los ciudadanos a asistir a reuniones públicas, completar encuestas y ofrecer comentarios sobre formas de aumentar el impacto general de la comunidad para personas de ingresos bajos y moderados. Específicamente, la Ciudad de Loveland buscará la opinión de los miembros de la comunidad que pueden recibir un beneficio directo de los proyectos o programas que resultarán del financiamiento de HUD, con acciones adicionales tomadas para personas dentro de una clase legalmente protegida. Comuníquese con el CPO para obtener más información sobre cómo participar: Alison Hade – alison.hade@cityofloveland.org, (970) 962-2517

The City of Loveland intends that its programs and policies have the support of, and benefit to, the largest possible number of people in the community. Citizens will be encouraged to attend public meetings, complete surveys, and offer comments on ways to make the overall community impact greater for low- and moderate-income individuals. Specifically, the City of Loveland will seek the opinion of community members that may receive a direct benefit from the projects or programs that will result from HUD funding, with additional actions taken for persons within a legally protected class.

A substantial change to the Citizen Participation Plan, Five-Year Consolidated Plan or Annual Action Plan requires an amendment and additional citizen participation. Plans or reports associated with the consolidated planning documents are described below, as are situations requiring an amendment.

1. Citizen Participation Plan

The Citizen Participation Plan sets forth policies and procedures to encourage citizen participation throughout the consolidated planning process. The Plan is in place and amended when needed, generally before the beginning of a new Five-Year Consolidated Plan cycle.

- a. **Amendments to the Citizen Participation Plan** - The Citizen Participation Plan will be reviewed the year prior to a new Consolidated Plan's formation, although this plan was created the same year as the Consolidated Plan. The Five-Year Consolidated Plan for which this Citizen Participation Plan pertains is for years 2020-2024. This plan will be reviewed again in 2024.

An amendment will occur if there is direction from HUD that changes or updates the process, such as a change in the length of time allowed for notices or public comment periods, or as noted below, in the case of the COVID-19 pandemic.

2. Assessment of Fair Housing

HUD requires that the City annually certify that it will affirmatively further fair housing and will conduct an Assessment of Fair Housing every five years. The Assessment of Fair Housing plan describes actions the City will take to overcome the effects of any impediments to fair housing that were identified through the analysis, and maintain records to reflect the analysis and actions. The Plan includes community participation as the City identifies fair housing goals to increase fair housing choice and provide equal access to opportunity to all in the community. Citizen Participation is a necessary part of the plan to understand community issues and the impact on legally protected classes. Citizen participation will occur with the primary Assessment of Fair Housing and any revisions or amendments.

- a. **Amendments to the AFH will follow 24 CFR 5.164** - The last Assessment of Fair Housing plan was submitted in 2018. Currently, no amendments are deemed necessary. The Citizen Participation Plan may be updated prior to the next fair housing planning process.

3. Five-Year Consolidated Plan and Annual Action Plans

The **Five-Year Consolidated Plan** provides a framework through which a community-wide dialogue is initiated to identify housing and community development priorities that align and focus funding from the CDBG entitlement program to intended beneficiaries. The Loveland City Council will be asked to approve the **2020-2024 Five-Year Consolidated Plan** in July 2020 so that it may be submitted to HUD no later than August 14, 2020. The Five-Year Consolidated Plan may be amended, as necessary.

The Five-Year Consolidated Plan is carried out through **Annual Action Plans**. Specific federal and non-federal funding resources are identified that will be used during a specific year to fund the actions and activities to achieve the goals of the Five-Year Consolidated Plan. The City Council approves the **Annual Action Plans** in July each year, which allows the plans to be submitted to HUD no later than August 15th. As with the Five-Year Consolidated Plan, Annual Action Plans may be amended, as described.

- a. **Amendments** – Federal code at 24 CFR 91.505 sets forth instances requiring an amendment to a Five-Year Consolidated Plan if one of the following decisions are made:

SUBSTANTIAL AMENDMENT. A substantial amendment is required if the City adds or changes a priority or reallocates funding from one organization to another even if the change is for the same priority or the same activity. Substantial amendments are subject to the citizen participation process that is outlined in Section IV below.

Changing or adding a priority. Current priorities include: 1) NEW affordable housing, 2) REHABILITATION of affordable housing, 3) NEW or REHABILITATION of public facilities, and 4) PUBLIC SERVICE activities. An example of a new priority might be adding economic development. For the 2020-2024 Consolidated Plan, the Affordable Housing Commission voted to retain priorities 1, 2 and 3.

Reallocating funding from one organization to another. A change in the grant recipient automatically includes a change in the scope, location and beneficiaries, and may change the purpose of an activity described in 24 CFR 91.105. A reallocation from a housing rehabilitation project may or may not change the purpose, but will change the scope, location and beneficiaries.

MINOR AMENDMENT. A project that does not change either the priority or the activity will result in a minor amendment if the new project fulfills the same goal.

- b. Citizen Participation Goals for 2020-2024 Consolidated Plan** – As noted above, the Affordable Housing Commission voted to retain the priorities of the 2015-2019 Consolidated Plan. During the 2020-2024 Consolidated Plan process, the Human Services Commission has a goal of better understanding human service needs in Loveland, and how individual programs improve the lives of beneficiaries. The survey that will be disseminated for citizen feedback will hopefully result in information to help answer that question, which will help the Human Services Commission make funding decisions in the future.

4. Consolidated Annual Performance and Evaluation Report (CAPER)

Progress made on the goals of the Five-Year Consolidated Plan are reported to HUD through the annual performance report referred to as the CAPER. The CAPER is due to HUD annually by December 30th.

C. TARGET POPULATIONS

The City encourages all citizens to participate in the stages of the consolidated planning process noted above, with special emphasis on encouraging participation from the following populations:

- a.** Low- and moderate-income persons, residents residing in low- and moderate-income neighborhoods, and residents of public and assisted housing developments (including resident advisory boards, councils, and management corporations)
- b.** Limited or non-English speakers, persons of color and other previously underserved or non-served groups, and persons with disabilities (see additional information below)
- c.** Community and City (both public and private) partners interested in the goals of HUD's entitlement programs, such as the Northern Colorado Continuum of Care, faith- and community-based institutions, Loveland Housing Authority, Loveland Habitat for Humanity, nonprofit service organizations, philanthropic organizations, businesses, developers, and city departments.

Note that the City of Loveland does not currently designate neighborhoods as revitalization areas, slum or blight, or designate target areas.

Five-Year Consolidated Plan only (in addition to those named above and starting in 2020)

- a.** Broadband internet service providers and organizations engaged in "narrowing the digital divide"
- b.** Agencies whose primary responsibilities included the management of flood prone areas, public land, or water resources
- c.** Emergency management agencies

D. CONTACT INFORMATION FOR CONSOLIDATED PLAN PROCESS COMMENTS

Citizens are encouraged to review the plans/reports of the consolidated planning process and offer comments at any time, but particularly during the formation of the plans/reports noted in Section I.A. Citizens wishing to comment on plans or reports, or to request copies of documents may call the CPO at **970-962-2517** or submit a written comment or request to:

Community Partnership Office
500 E. Third Street, Suite 210
Loveland, CO 80537

E. PUBLIC MEETINGS and OUTREACH

There are several public meeting options that will be held during the consolidated planning process, as noted below.

1. Public Outreach for the Five-Year Consolidated Plan and Assessment of Fair Housing.

The City will enlist nonprofit and other community organizations, such as faith-based groups, resident advisory groups, Loveland Boards and Commissions, the Northern Colorado Continuum of Care, Loveland Housing Authority staff and customers, Thompson School District, businesses, and philanthropic organizations to assist the CPO in engaging residents in the planning process to gather and incorporate local data and verify priority needs. The CPO will use print and electronic notices to advertise public meetings and in-person meetings, focus groups, remote meetings and surveys to gather information and data. This process will be used primarily to gather information about the needs of project and program beneficiaries to develop five-year goals for the Five-Year Consolidated Plan and the Assessment of Fair Housing Plan.

Citizen surveys will include HUD provided data and information derived from public meetings with organizations that work directly with residents who could benefit from projects and programs paid for with HUD funds. It will also include an estimated amount of grant funds for brick/mortar and public services projects, as well as any available program income. Finally, it will include the types of activities that will likely be undertaken based on goals set by the Affordable Housing and Human Services Commissions.

2. Public Outreach for Years 2-5 Annual Action Plans or Substantial Amendments to either the Five-Year Consolidated Plan or Annual Action Plans.

The City invites non-profit organizations wishing to apply for CDBG to a technical assistance and informational meeting in early January each year. The CPO announces that additional technical assistance is available for any agency wishing to gather more information or needing assistance with planning or an application for funding. Any citizen that has expressed interest in CDBG is formally invited to meetings. Meetings are also advertised in print at the Loveland Library and on social media.

Information about the expected amount of grant funding and types of activities that will be funded is made available at the beginning of the process each year.

3. Neighborhood meetings

Neighborhood meetings may be held during the formation of the Assessment of Fair Housing to better understand housing choice and to connect with residents of neighborhoods that have seen a substantial increase in a specific protected class. When setting meeting locations and times, consideration will be given to convenience for low- and moderate-income residents and persons with disabilities.

4. Affordable Housing and Human Services Commission Meetings

Public meetings of the Affordable Housing (AHC) and Human Services Commissions (HSC) will be held at the beginning and middle of the process. The AHC and HSC are essential in determining goals of the Five-Year Consolidated Plan as well as making funding allocation decisions. Funding decisions are made annually based on applications received in the first quarter of the year. Public meetings of the two commissioners are noticed physically and electronically and are always held in an accessible location.

5. City Council Public Hearings

Federal code requires a minimum of two public hearings held at two different stages of the program year that address needs and development of proposed activities. The CPO will hold one hearing each June for approval of grant funding and another in August for approval of the Five-Year Consolidated Plan or Annual Action Plans. A third public hearing will be held in December to seek public input of annual performance. This third public hearing will not be a formal city council meeting. See Section IV for additional information on public hearings.

F. ACCESS TO RECORDS AND CONSOLIDATED PLANNING PROCESS DOCUMENTS

Citizens can access records and documents associated with the consolidated planning process or the public hearings by contacting the CPO for a copy of any documents. The consolidated planning documents are available on the CPO website: www.cityofloveland.org/communitypartnership. Requests for documents in a language or means other than written English should be made to CPO staff with a minimum of 48 hours allowed for requests to be processed. The Executive Summary will always be available in Spanish and other parts of the document or interpretation may be as well.

G. TECHNICAL ASSISTANCE

As stated, technical assistance will be provided during the annual CDBG application process with notification of initial meetings provided in the CDBG Notice of Funding Availability that will be distributed to all prior CDBG applicants, via social media and at City of Loveland locations such as the Community Partnership Office and the Loveland Library.

The CPO is available to provide technical assistance in determining eligible projects and understanding Federal regulations. The CPO is also available for technical assistance in commenting on any of the consolidated planning documents or at any time throughout the process.

H. ANTI-DISPLACEMENT

Activities funded and carried out under the federal grant programs will, to the greatest extent feasible, minimize the direct, permanent, and involuntary displacement of households. Projects deemed beneficial and supportive of the City of Loveland's overall goals, but which may cause such displacement, will be undertaken by the noted grant funds only under these conditions:

1. It has been demonstrated that such displacement is necessary and vital to the overall goals of the grant program,
2. efforts were taken to reduce the number of households displaced, and
3. adverse effects on the displaced households are outweighed by the anticipated goals and accomplishments of the proposed project.

City policy is to provide relocation assistance to all households permanently displaced by the acquisition of real property, as required for compliance with HUD regulations under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Public Law 91-646) and Section 104(d) of the Housing and Community Development Act of 1974, as amended. The assistance will be provided to mitigate adverse

effects caused for low- and moderate-income household displaced so that an approved project can be carried out. Assistance will include the following:

III. CITIZEN PARTICIPATION DURING COVID-19

A. STATEMENT OF NON-DISCRIMINATION

The COVID-19 pandemic has reduced the ability to connect with citizens directly, having a great effect on public participation that is necessary to understand how to allocate funding to agencies working to prevent, prepare for and respond to the needs of Loveland's low- and moderate-income residents. The two processes that will be affected by citizen participation and the City of Loveland response to those processes is as follows:

CITIZEN PARTICIPATION PLAN

- This updated Citizen Participation Plan will be noticed at least 7 days prior to a Public Hearing. A waiver of the 30-day comment period was requested and accepted. A virtual public hearing will take place in lieu of a physical public hearing.
- In addition to the legal ad, notices will be posted on the City of Loveland website as well as Twitter and Facebook. Other alternative media may also be used.
- The Plan will be emailed to the Affordable Housing and Human Services Commissions with a request for comment. It will also be emailed to housing and services non-profit agencies serving low- to moderate-income Loveland residents.
- The Plan will be presented to City Council for final approval after the citizen comment period.

SUBSTANTIAL AMENDMENT TO THE 2019 ANNUAL ACTION PLAN

- A substantial amendment to the 2019-2020 Annual Action Plan (AAP) will be made to direct funding to organizations working to prevent, prepare for or respond to COVID-19 in Loveland. The process will include the Human Services and Affordable Housing Commissions to determine priorities and make funding decisions. The CPO will ensure that CARES Act funding does not supplant other funding.
- A waiver of the 30-day comment period was requested and accepted.
- A Public Hearing for the AAP will be noticed at least 7 days prior. In addition to the legal ad, notices will be posted on the City of Loveland website as well as Twitter and Facebook. Other alternative media may be used if appropriate.
- The Plan will be emailed to the Affordable Housing and Human Services Commissions with a request for comment. It will also be emailed to housing and services non-profit agencies serving low- to moderate-income Loveland residents.
- The Loveland Library and non-profits that will receive funding will be asked to put a link on their websites.

Waivers for the 30-day comment period for this Citizen Participation Plan and a Substantial Amendment to the 2019-2020 Annual Action Plan were submitted and granted. These waivers will remain in effect until groups of more than 10 people can safely convene.

No changes are expected to occur during the 2020-2024 Consolidated Plan process. Funding should be granted through the 2019-2020 Annual Action Plan process.

IV. PARTICIPATION AND NOTICE TIMES (see matrix below)

V. SUMMARY OF CITIZEN COMMENTS

One email was received during the 5-day comment period. That comment and reasons accepted or not accepted is included.

- Under Target Population - Instead of “minorities” consider changing to “persons of color and other previously underserved or non-served groups.” – this comment was accepted and a change was made above
- If a person needs an interpreter, Alison is listed as the person to call. If alison is not fully fluent in Spanish, does there need to be another name and/or contact person to call and converse in Spanish? – the City of Loveland has a contract with a company that provides interpretation so all staff have the ability to speak with residents in any language.

**CITIZEN PARTICIPATION PLAN for the
CONSOLIDATED PLANNING PROCESS
AMENDED FOR THE
2020-2024 CONSOLIDATED PLAN**

I. CITIZEN PARTICIPATION – GENERAL INFORMATION

A. INTRODUCTION/ INTRODUCCIÓN

La Ciudad de Loveland recibe un derecho anual al Subvención de Bloque de Desarrollo Comunitario (CDBG por sus siglas en inglés) del Departamento de Vivienda y Desarrollo Urbano de EE. UU. (HUD por sus siglas en inglés). El subsidio proporciona fondos para el desarrollo comunitario y actividades de vivienda que deben ayudar principalmente a los residentes de ingresos bajos y moderados. La Ciudad de Loveland también ha recibido CDBG-Disaster Relief (ayuda para catástrofes) y en el futuro puede recibir otros fondos de HUD.

El proceso por el cual la Ciudad determina las prioridades, metas y recursos (e informa al HUD sobre el progreso) con respecto a las subvenciones se llama proceso de planificación consolidado. Incluye cinco procesos separados pero entrelazados y los planes o informes resultantes:

- (1) Plan de Participación Ciudadana*
- (2) Evaluación de Vivienda Justa*
- (3) Plan Consolidado de Cinco Años*
- (4) Planes de Acción Anuales*
- (5) Informe Anual Consolidado de Rendimiento y Evaluación*

Este documento ha sido desarrollado para cumplir con el requisito que la Ciudad tiene como beneficiaria de las subvenciones de HUD y sigue un Plan de Participación Ciudadana detallado al desarrollar e implementar los pasos del proceso de planificación consolidado. La Ciudad reconoce la importancia de involucrar a los miembros de la comunidad en el proceso de planificación y toma de decisiones y buscará la aportación de los ciudadanos para los cinco procesos mencionados anteriormente.

La Oficina de Asociación Comunitaria (CPO por sus siglas en inglés) de la Ciudad de Loveland es responsable de la implementación del Plan de Participación Ciudadana y de el desarrollo de los documentos de proceso del plan consolidado.

Este plan está disponible en LETRA GRANDE y las partes se pueden traducir (o interpretar) al español a petición.

(Referencia 24 CFR 91.105-Plan de Participación Ciudadana-Gobiernos locales).

The City of Loveland receives an annual entitlement of Community Development Block Grant (CDBG) from the U. S. Department of Housing and Urban Development (HUD). The grant provides funding for community development and housing activities that must primarily assist low- and moderate-income residents. The City

of Loveland has also received CDBG-Disaster Relief, will receive CDBG-COVID-19 funding in 2020, and in the future may receive other HUD funds.

The process by which the City determines the priorities, goals, and resources (and reports to HUD on progress) with regard to the grants is called the consolidated planning process. It includes five separate but intertwined processes and resultant plans/reports:

- (1) Citizen Participation Plan
- (2) Assessment of Fair Housing
- (3) Five-Year Consolidated Plan
- (4) Annual Action Plans
- (5) Consolidated Annual Performance and Evaluation Reports

This document has been developed to meet the requirement that the City has as a recipient of the HUD grants to follow a detailed Citizen Participation Plan when developing and implementing the steps of the consolidated planning process. The City recognizes the importance of involving community members in the planning and decision making process and will seek citizen input for the five processes listed above.

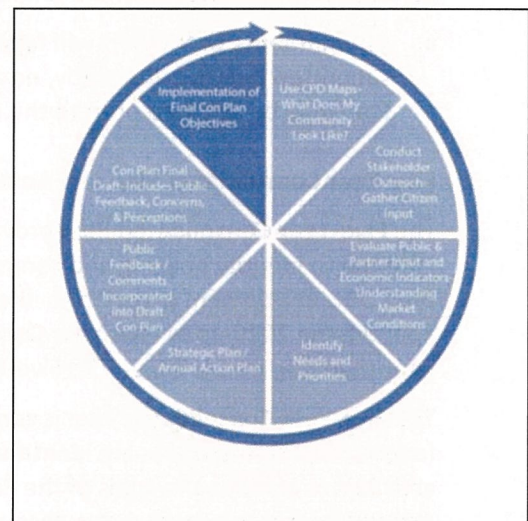

The City of Loveland Community Partnership Office (CPO) is responsible for the implementation of the Citizen Participation Plan and development of the consolidated plan process documents.

This plan is available in LARGE PRINT and parts may be translated (or interpreted) into Spanish upon request.

B. ENCOURAGEMENT OF CITIZEN PARTICIPATION/ FOMENTO A LA PARTICIPACIÓN CIUDADANA

La ciudad de Loveland pretende que sus programas y políticas cuenten con el apoyo de y beneficiar a, el mayor número posible de personas en la comunidad. Se alentará a los ciudadanos a asistir a reuniones públicas, completar encuestas y ofrecer comentarios sobre formas de aumentar el impacto general de la comunidad para personas de ingresos bajos y moderados. Específicamente, la Ciudad de Loveland buscará la opinión de los miembros de la comunidad que pueden recibir un beneficio directo de los proyectos o programas que resultarán del financiamiento de HUD, con acciones adicionales tomadas para personas dentro de una clase legalmente protegida. Comuníquese con el CPO para obtener más información sobre cómo participar: Alison Hade – alison.hade@cityofloveland.org, (970) 962-2517

The City of Loveland intends that its programs and policies have the support of, and benefit to, the largest possible number of people in the community. Citizens will be encouraged to attend public meetings, complete surveys, and offer comments on ways to make the overall community impact greater for low- and moderate-income individuals. Specifically, the City of Loveland will seek the opinion of community members that may receive a direct benefit from the projects or programs that will result from HUD funding, with additional actions taken for persons within a legally protected class.

A substantial change to the Citizen Participation Plan, Five-Year Consolidated Plan or Annual Action Plan requires an amendment and additional citizen participation. Plans or reports associated with the consolidated planning documents are described below, as are situations requiring an amendment.

1. Citizen Participation Plan

The Citizen Participation Plan sets forth policies and procedures to encourage citizen participation throughout the consolidated planning process. The Plan is in place and amended when needed, generally before the beginning of a new Five-Year Consolidated Plan cycle.

- a. **Amendments to the Citizen Participation Plan** - The Citizen Participation Plan will be reviewed the year prior to a new Consolidated Plan's formation, although this plan was created the same year as the Consolidated Plan. The Five-Year Consolidated Plan for which this Citizen Participation Plan pertains is for years 2020-2024. This plan will be reviewed again in 2024.

An amendment will occur if there is direction from HUD that changes or updates the process, such as a change in the length of time allowed for notices or public comment periods, or as noted below, in the case of the COVID-19 pandemic.

2. Assessment of Fair Housing

HUD requires that the City annually certify that it will affirmatively further fair housing and will conduct an Assessment of Fair Housing every five years. The Assessment of Fair Housing plan describes actions the City will take to overcome the effects of any impediments to fair housing that were identified through the analysis, and maintain records to reflect the analysis and actions. The Plan includes community participation as the City identifies fair housing goals to increase fair housing choice and provide equal access to opportunity to all in the community. Citizen Participation is a necessary part of the plan to understand community issues and the impact on legally protected classes. Citizen participation will occur with the primary Assessment of Fair Housing and any revisions or amendments.

- a. **Amendments to the AFH will follow 24 CFR 5.164** - The last Assessment of Fair Housing plan was submitted in 2018. Currently, no amendments are deemed necessary. The Citizen Participation Plan may be updated prior to the next fair housing planning process.

3. Five-Year Consolidated Plan and Annual Action Plans

The **Five-Year Consolidated Plan** provides a framework through which a community-wide dialogue is initiated to identify housing and community development priorities that align and focus funding from the CDBG entitlement program to intended beneficiaries. The Loveland City Council will be asked to approve the **2020-2024 Five-Year Consolidated Plan** in July 2020 so that it may be submitted to HUD no later than August 14, 2020. The Five-Year Consolidated Plan may be amended, as necessary.

The Five-Year Consolidated Plan is carried out through **Annual Action Plans**. Specific federal and non-federal funding resources are identified that will be used during a specific year to fund the actions and activities to achieve the goals of the Five-Year Consolidated Plan. The City Council approves the **Annual Action Plans** in July each year, which allows the plans to be submitted to HUD no later than August 15th. As with the Five-Year Consolidated Plan, Annual Action Plans may be amended, as described.

- a. **Amendments** – Federal code at 24 CFR 91.505 sets forth instances requiring an amendment to a Five-Year Consolidated Plan if one of the following decisions are made:

SUBSTANTIAL AMENDMENT. A substantial amendment is required if the City adds or changes a priority or reallocates funding from one organization to another even if the change is for the same priority or the same activity. Substantial amendments are subject to the citizen participation process that is outlined in Section IV below.

Changing or adding a priority. Current priorities include: 1) NEW affordable housing, 2) REHABILITATION of affordable housing, 3) NEW or REHABILITATION of public facilities, and 4) PUBLIC SERVICE activities. An example of a new priority might be adding economic development. For the 2020-2024 Consolidated Plan, the Affordable Housing Commission voted to retain priorities 1, 2 and 3.

Reallocating funding from one organization to another. A change in the grant recipient automatically includes a change in the scope, location and beneficiaries, and may change the purpose of an activity described in 24 CFR 91.105. A reallocation from a housing rehabilitation project may or may not change the purpose, but will change the scope, location and beneficiaries.

MINOR AMENDMENT. A project that does not change either the priority or the activity will result in a minor amendment if the new project fulfills the same goal.

- b. Citizen Participation Goals for 2020-2024 Consolidated Plan** – As noted above, the Affordable Housing Commission voted to retain the priorities of the 2015-2019 Consolidated Plan. During the 2020-2024 Consolidated Plan process, the Human Services Commission has a goal of better understanding human service needs in Loveland, and how individual programs improve the lives of beneficiaries. The survey that will be disseminated for citizen feedback will hopefully result in information to help answer that question, which will help the Human Services Commission make funding decisions in the future.

4. Consolidated Annual Performance and Evaluation Report (CAPER)

Progress made on the goals of the Five-Year Consolidated Plan are reported to HUD through the annual performance report referred to as the CAPER. The CAPER is due to HUD annually by December 30th.

C. TARGET POPULATIONS

The City encourages all citizens to participate in the stages of the consolidated planning process noted above, with special emphasis on encouraging participation from the following populations:

- a.** Low- and moderate-income persons, residents residing in low- and moderate-income neighborhoods, and residents of public and assisted housing developments (including resident advisory boards, councils, and management corporations)
- b.** Limited or non-English speakers, persons of color and other previously underserved or non-served groups, and persons with disabilities (see additional information below)
- c.** Community and City (both public and private) partners interested in the goals of HUD’s entitlement programs, such as the Northern Colorado Continuum of Care, faith- and community-based institutions, Loveland Housing Authority, Loveland Habitat for Humanity, nonprofit service organizations, philanthropic organizations, businesses, developers, and city departments.

Note that the City of Loveland does not currently designate neighborhoods as revitalization areas, slum or blight, or designate target areas.

Five-Year Consolidated Plan only (in addition to those named above and starting in 2020)

- a.** Broadband internet service providers and organizations engaged in “narrowing the digital divide”
- b.** Agencies whose primary responsibilities included the management of flood prone areas, public land, or water resources
- c.** Emergency management agencies

D. CONTACT INFORMATION FOR CONSOLIDATED PLAN PROCESS COMMENTS

Citizens are encouraged to review the plans/reports of the consolidated planning process and offer comments at any time, but particularly during the formation of the plans/reports noted in Section I.A. Citizens wishing to comment on plans or reports, or to request copies of documents may call the CPO at **970-962-2517** or submit a written comment or request to:

Community Partnership Office
500 E. Third Street, Suite 210
Loveland, CO 80537

E. PUBLIC MEETINGS and OUTREACH

There are several public meeting options that will be held during the consolidated planning process, as noted below.

1. Public Outreach for the Five-Year Consolidated Plan and Assessment of Fair Housing.

The City will enlist nonprofit and other community organizations, such as faith-based groups, resident advisory groups, Loveland Boards and Commissions, the Northern Colorado Continuum of Care, Loveland Housing Authority staff and customers, Thompson School District, businesses, and philanthropic organizations to assist the CPO in engaging residents in the planning process to gather and incorporate local data and verify priority needs. The CPO will use print and electronic notices to advertise public meetings and in-person meetings, focus groups, remote meetings and surveys to gather information and data. This process will be used primarily to gather information about the needs of project and program beneficiaries to develop five-year goals for the Five-Year Consolidated Plan and the Assessment of Fair Housing Plan.

Citizen surveys will include HUD provided data and information derived from public meetings with organizations that work directly with residents who could benefit from projects and programs paid for with HUD funds. It will also include an estimated amount of grant funds for brick/mortar and public services projects, as well as any available program income. Finally, it will include the types of activities that will likely be undertaken based on goals set by the Affordable Housing and Human Services Commissions.

2. Public Outreach for Years 2-5 Annual Action Plans or Substantial Amendments to either the Five-Year Consolidated Plan or Annual Action Plans.

The City invites non-profit organizations wishing to apply for CDBG to a technical assistance and informational meeting in early January each year. The CPO announces that additional technical assistance is available for any agency wishing to gather more information or needing assistance with planning or an application for funding. Any citizen that has expressed interest in CDBG is formally invited to meetings. Meetings are also advertised in print at the Loveland Library and on social media.

Information about the expected amount of grant funding and types of activities that will be funded is made available at the beginning of the process each year.

3. Neighborhood meetings

Neighborhood meetings may be held during the formation of the Assessment of Fair Housing to better understand housing choice and to connect with residents of neighborhoods that have seen a substantial increase in a specific protected class. When setting meeting locations and times, consideration will be given to convenience for low- and moderate-income residents and persons with disabilities.

4. Affordable Housing and Human Services Commission Meetings

Public meetings of the Affordable Housing (AHC) and Human Services Commissions (HSC) will be held at the beginning and middle of the process. The AHC and HSC are essential in determining goals of the Five-Year Consolidated Plan as well as making funding allocation decisions. Funding decisions are made annually based on applications received in the first quarter of the year. Public meetings of the two commissioners are noticed physically and electronically and are always held in an accessible location.

5. City Council Public Hearings

Federal code requires a minimum of two public hearings held at two different stages of the program year that address needs and development of proposed activities. The CPO will hold one hearing each June for approval of grant funding and another in August for approval of the Five-Year Consolidated Plan or Annual Action Plans. A third public hearing will be held in December to seek public input of annual performance. This third public hearing will not be a formal city council meeting. See Section IV for additional information on public hearings.

F. ACCESS TO RECORDS AND CONSOLIDATED PLANNING PROCESS DOCUMENTS

Citizens can access records and documents associated with the consolidated planning process or the public hearings by contacting the CPO for a copy of any documents. The consolidated planning documents are available on the CPO website: www.cityofloveland.org/communitypartnership. Requests for documents in a language or means other than written English should be made to CPO staff with a minimum of 48 hours allowed for requests to be processed. The Executive Summary will always be available in Spanish and other parts of the document or interpretation may be as well.

G. TECHNICAL ASSISTANCE

As stated, technical assistance will be provided during the annual CDBG application process with notification of initial meetings provided in the CDBG Notice of Funding Availability that will be distributed to all prior CDBG applicants, via social media and at City of Loveland locations such as the Community Partnership Office and the Loveland Library.

The CPO is available to provide technical assistance in determining eligible projects and understanding Federal regulations. The CPO is also available for technical assistance in commenting on any of the consolidated planning documents or at any time throughout the process.

H. ANTI-DISPLACEMENT

Activities funded and carried out under the federal grant programs will, to the greatest extent feasible, minimize the direct, permanent, and involuntary displacement of households. Projects deemed beneficial and supportive of the City of Loveland's overall goals, but which may cause such displacement, will be undertaken by the noted grant funds only under these conditions:

1. It has been demonstrated that such displacement is necessary and vital to the overall goals of the grant program,
2. efforts were taken to reduce the number of households displaced, and
3. adverse effects on the displaced households are outweighed by the anticipated goals and accomplishments of the proposed project.

City policy is to provide relocation assistance to all households permanently displaced by the acquisition of real property, as required for compliance with HUD regulations under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Public Law 91-646) and Section 104(d) of the Housing and Community Development Act of 1974, as amended. The assistance will be provided to mitigate adverse

effects caused for low- and moderate-income household displaced so that an approved project can be carried out. Assistance will include the following:

1. Housing counseling and referrals to comparable housing, as necessary, prior to displacement.
2. Relocation benefits and moving expense payments for each household displaced.

I. COMPLAINT PROCEDURE

1. Formal complaints with regard to any part of the consolidated planning process should be made to the **Community Partnership Office**, 500 E. Third Street, Loveland, CO 80537 or (970) 962-2517. III. CITIZEN PARTICIPATION DURING COVID-19

A. STATEMENT OF NON-DISCRIMINATION

The COVID-19 pandemic has reduced the ability to connect with citizens directly, having a great effect on public participation that is necessary to understand how to allocate funding to agencies working to prevent, prepare for and respond to the needs of Loveland's low- and moderate-income residents. The two processes that will be affected by citizen participation and the City of Loveland response to those processes is as follows:

CITIZEN PARTICIPATION PLAN

- This updated Citizen Participation Plan will be noticed at least 7 days prior to a Public Hearing. A waiver of the 30-day comment period was requested and accepted. A virtual public hearing will take place in lieu of a physical public hearing.
- In addition to the legal ad, notices will be posted on the City of Loveland website as well as Twitter and Facebook. Other alternative media may also be used.
- The Plan will be emailed to the Affordable Housing and Human Services Commissions with a request for comment. It will also be emailed to housing and services non-profit agencies serving low- to moderate-income Loveland residents.
- The Plan will be presented to City Council for final approval after the citizen comment period.

SUBSTANTIAL AMENDMENT TO THE 2019 ANNUAL ACTION PLAN

- A substantial amendment to the 2019-2020 Annual Action Plan (AAP) will be made to direct funding to organizations working to prevent, prepare for or respond to COVID-19 in Loveland. The process will include the Human Services and Affordable Housing Commissions to determine priorities and make funding decisions. The CPO will ensure that CARES Act funding does not supplant other funding.
- A waiver of the 30-day comment period was requested and accepted.
- A Public Hearing for the AAP will be noticed at least 7 days prior. In addition to the legal ad, notices will be posted on the City of Loveland website as well as Twitter and Facebook. Other alternative media may be used if appropriate.
- The Plan will be emailed to the Affordable Housing and Human Services Commissions with a request for comment. It will also be emailed to housing and services non-profit agencies serving low- to moderate-income Loveland residents.
- The Loveland Library and non-profits that will receive funding will be asked to put a link on their websites.

Waivers for the 30-day comment period for this Citizen Participation Plan and a Substantial Amendment to the 2019-2020 Annual Action Plan were submitted and granted. These waivers will remain in effect until groups of more than 10 people can safely convene.

No changes are expected to occur during the 2020-2024 Consolidated Plan process. Funding should be granted through the 2019-2020 Annual Action Plan process.

IV. PARTICIPATION AND NOTICE TIMES (see matrix below)

V. SUMMARY OF CITIZEN COMMENTS

One email was received during the 5-day comment period. That comment and reasons accepted or not accepted is included.

- Under Target Population - Instead of “minorities” consider changing to “persons of color and other previously underserved or non-served groups.” – this comment was accepted and a change was made above
- If a person needs an interpreter, Alison is listed as the person to call. If alison is not fully fluent in Spanish, does there need to be another name and/or contact person to call and converse in Spanish? – the City of Loveland has a contract with a company that provides interpretation so all staff have the ability to speak with residents in any language.

Affordable Housing Commissioner question: This is on the first page: Rehabilitate 600 units of owner-occupied housing. Is that just LHIP or are other programs included? If just LHIP, isn't that considerably more than they can accomplish?

Response: This is also Volunteers of America. They generally do about 100-150 homes a year. Thank you for commenting!
