PUBLIC LIBRARY

All Together Now

Summer Learning Program 2023

Visit for more: www.lovlib.org/SLP

What is the Summer Learning Program?

The Summer Learning Program (SLP) is a yearly program held by the library in June and July. This year's theme is "All Together Now." It encourages people of all ages to explore and cultivate a love for learning throughout the summer. Kids and teens are especially encouraged to join to prevent the "summer slide," a decline in learning during the break. By reading just four books, this decline can be avoided. The program includes special events and personalized challenges for different age groups with chances to win prizes.

How Do I Participate

To participate, complete missions for points in your challenge. Register at loveland.readsquared.com using an email, username and password. Parents can create family accounts and add additional readers. Registration is based on age groups: Children (0-10), Teen (11-17 or entering grades 6-12), and Adult (18+). Use ReadSquared online or the app to track activities, points, and badges. Print logs and more info are available at the library's service desk.
