City of Loveland
Right-Of-Way Permit Requirements
Applicant MUST call 48 hours prior to work for inspection

**Right-of-Way Permit
Engineering**
2525 W. 1st Street
Loveland, CO 80537
Engineering@cityofloveland.org

In accordance with the City of Loveland Ordinance, any and all work done within the City of Loveland Right-Of-Way required a Right-Of-Way permit. The City requires up to ten (10) business days for approval of the permit; except that the City of Loveland Traffic Department needs at least one (1) weeks' notice of any work done on Arterial Streets or on Colorado State Highways within the City of Loveland's limits.

1. City of Loveland Traffic Division: Tyler Mead (970) 962-2750 or Nathan Beauheim (970) 962-2644

Traffic control plans shall be approved by City of Loveland Traffic Division. Traffic shall be maintained on all rights-of-way. Flaggers shall be provided at any locations where the orderly flow of traffic is interrupted. Permittee shall provide all necessary signs and barricades in accordance with the Manual on Uniform Traffic Control Devices and its latest Colorado supplement in order to warn oncoming motorists of any installation or construction work. Any work done on a State Highway within the limits of the City of Loveland required both a Colorado Department Highways permit and a City of Loveland Right-Of-Way permit. CDOT permit must be obtained and included or presented with City of Loveland permit application. The City of Loveland will not issue a Right-Of-Way permit without documentation from the State of Colorado.

2. City of Loveland Engineering Division: Darrin Moore (970) 962-262-2527

Applicant is required to call for an inspection forty-eight (48) hours in advance of any work done within the City of Loveland Right-Of-Way. Permittee is required to follow all specifications, procedures, and requirements stated within the Loveland Municipal Code and in the Larimer County Urban Area Street Standards which can be obtained at <http://www.larimer.org/engineering/GMARdStds/UrbanSt.htm>. Failure to provide accurate dates of work can result in a fine.

3. City of Loveland Water Department: Adrian Yebra (970) 962-3750 or Melissa Morin (970) 962-3709

All conduit(s), bore(s), running perpendicular to any water or sewer main or service line must have 18" (inches) of vertical clearance to same. All conduit(s), bore(s), running parallel to any water or sewer main or service line must have a minimum of 6' (feet) of horizontal clearance.

4. City of Loveland Stormwater Division: Chris Carlson (970) 962-2774 or Eric Lessard (970) 962-2773

All conduit(s) bore(s), running perpendicular to any storm sewer pipe or inlet is required to have 18" (inches) of vertical clearance. All conduit(s), bore(s), running parallel to any storm sewer or inlet must have a minimum of 6' (feet) of horizontal clearance

5. City of Loveland Power Department: Luis Sandoval (970) 962-3705

No gas, water, sewer, or storm sewer utilities allowed in the same trench as any electrical utility. Any utility paralleling the electric utility must have a minimum of 3' (feet) clearance from the electric line. When crossing electric on an angle, 1' (foot) clearance must be met or the crossing must be concrete encased (or flowfill) between new utility and electric utility for a distance of 5' (feet) on either side of the electric line. If electric line is direct buried it must be covered with conduit prior to the concrete pour.

6. Erosion Control

All construction activities done within the ROW must take measures to ensure all materials except for rain water and snow melt are prevented from entering into the City of Loveland Stormwater sewer system.

7. Proof of Permit

Permittee will keep a copy of the Right-Of-Way permit on site of any construction within the City of Loveland Right-Of-Way at all times.

8. Notification

All property owners/residents, emergency services, and school districts adjacent to the work zone, shall be notified by permittee at least forty-eight (48) hours prior to any lane or road closure under this permit.

9. Utility Locates

Permittee will obtain all utility locates prior to any excavation activities.

10. Insurance and Bond

Approved certificate of insurance must be on file with the City of Loveland and may be submitted annually with coverage as follows: 1. The permittee shall carry and maintain in full effect at all times a commercial general liability policy, including broad form property damage, completed operations contractual liability, explosion hazard, collapse hazard, underground property damage hazard, commonly known as XCU, for limits not less than \$1,000,000.00 each occurrence for damages of bodily injury or death to one or more persons; and \$500,000.00 each occurrence for damage to or destruction of property; \$1,000,000.00 in comprehensive automobile liability and 2. Workers compensation insurance as required by state law.

Financial Surety in the form of Cash, Letter of Credit or Bond equal to or exceeding to the value of the work done may be required as determined by City of Loveland.

ALL FOREGOING PROVISIONS HAVE BEEN READ AND UNDERSTOOD AND AGREE TO. PERMITEE/CONTRACTOR WILL COMPLY WITH ALL CITY OF LOVELAND ORDINANCES, STATE LAWS, AND PROVISIONS REGARDING SUCH CONSTRUCTION AND ACTIVATIONS PURSUANT TO THIS PERMIT.
