Human Services Grant

Program Goals

Goals for the Human Services Grant Program are reevaluated each year by the Human Services Commission. The current goals are to:

· Financially support services such as those that provide food, shelter, physical and mental health care as well as services that prevent crisis and assist in sustaining independent living.

· Support services that value diversity, foster self-sufficiency, treat people with dignity, build self-respect, address issues of safety, and allow people to live free of fear.

Population to be Served

Funds will be used to assist citizens of Loveland. Funds will not be used to serve those living outside of the City's Area of Community Influence. A minimum of 70% served by the Human Services Grant Program will have low income defined by HUD Guidelines.

CDBG

Program Goals

Goals for the CDBG Program are re-evaluated every five years by the Human Services Commission, Affordable Housing Commission, local agencies, and other citizens who participate in the City's Consolidated Plan process.
The current goals are to:

~Provide services to homeless persons in Loveland through shelter, case management, transitional and/or permanent housing.

~Create new housing and maintain existing housing opportunities for households with low income.

~Give funding priority to projects and activities that serve households earning 50% or less of the area median income.

~Implement and support the anti-poverty strategy by supporting agencies and services that meet basic needs and provide tools for self-sufficiency to households with low income.

~Decrease poverty in the community by financially supporting services and facilities that meet basic needs and provide self-sufficiency opportunities.

Population to be Served

The funds will be used to assist the citizens of Loveland. Funds will not be used to serve those living outside of the City's Area of Community Influence. A minimum of 70% of those served by the Human Services Grant Program will be of low income as per HUD guidelines.
